

Posament P10

Jean Kveberg eithni@gmail.com www.eithni.com/posaments

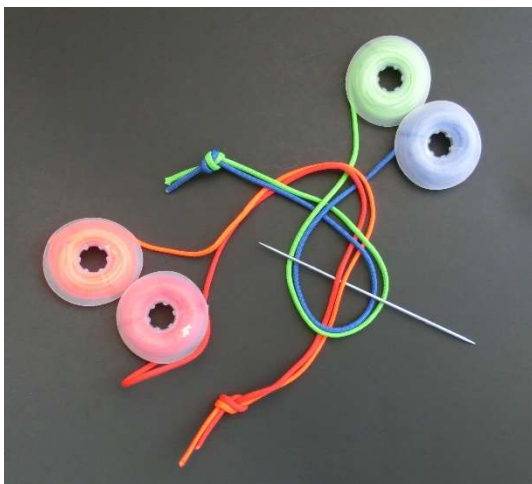

1. This knot uses two pairs of threads. Make a loop with the top pair with the working end to the top and to the right.

2. Start the bottom pair UNDER the first loop, then OVER the working end of the first pair, then UNDER the starting end of the first pair.

3. The next pass follows the silver line – over the first loop, under the starting tail of the second pair, and then over the first loop.

4. Gently pull all the strands to tighten the knot.
Arrange the strands and flatten the knot.
