Inherited UFO Garb

By Bethany Padron

Garb came to me in July 2020 as a UFO from someone much smaller than I.

I completed the armscyes of the bodice and added front closures and eyelets for ties at the waist.

I added closures to the quilted doublet and refit the wool hose.

I made a linen shirt and shorts as a base layer and added a dagged hat to complete the look.

Detail of thread covered buttons, quilting and hand buttonholes.
